A range of desktop and notebook computers for business, home and education!
CompUSA is your Macintosh Headquarters!

When it comes to Apple products, we do it by the numbers. Big numbers! We carry over 650 Apple and Mac-related products in stock always at super everyday low prices.

Computers, notebooks, software, hardware, accessories, even books and magazines! Plus service, training...and it's all under one roof at CompUSA, the Computer Superstore.

**30-DAY SATISFACTION GUARANTEE!**

If you're dissatisfied with your purchase, return the product within 30 days in its original condition with all packaging, manuals, etc. and the original sales receipt or invoice. We will give full credit or exchange. Software may be exchanged for the same product only. Software returns only for defective merchandise or merchandise still in original wrapper.

Unused laser printers and copiers are returnable within 30 days. They must be in original condition with all packaging, and are not returnable once any toner has been installed. These machines are covered by manufacturers' warranties and must be serviced by their authorized service centers. Optional on-site service is available through CompUSA.

**ORDERS**

Orders may be placed at any of our locations. Please call the one nearest you.

**SHIPPING**

All computers, monitors, paper, printers and furniture will be charged freight. Freight may be subject to tax.

No orders can be shipped by U.S. mail. Most orders placed by 2 p.m. at the shipping location are shipped the same day.

**PAYMENT**

We accept Visa, MasterCard, Discover, Cash or Check (no out of state personal checks).

**TERMS**

Trade accounts are available with credit limits and terms. Ratings are determined by CompUSA's Corporate Credit Department. Terms extended to Fortune 500 companies, government institutions, schools and universities immediately when presented with authorized hard-copy purchase order.

All others must provide bank and trade references. Terms Net 10. All orders under $100 require a $10 handling charge.

**TAXES**

Prices are exclusive of all sales, use and other state, local and federal taxes. The buyer is responsible for payment of such taxes imposed on CompUSA relative to any order placed. CompUSA collects sales tax for Arizona, California, Colorado, Florida, Georgia, Illinois, Michigan, Pennsylvania, Texas and Virginia and will for stores opening in new states.

**RETURNS OR EXCHANGES**

Any return being shipped to a CompUSA location will require an RMA (Return Merchandise Authorization) number. Defective merchandise may be replaced with the same item only (printers, monitors, Hayes modems, laptops, and laser printers must be sent to authorized service centers and cannot be returned to CompUSA). Original packaging and proof of purchase is required to return any merchandise.

**TO OBTAIN AN RMA NUMBER:**

Call your Corporate Representative. An RMA number must be on the outside of the box. Please include either a copy of the invoice or a sales receipt. COMPLETE PACKAGING IS REQUIRED. No C.O.D. shipments accepted. NOTE: You do not need an RMA number if you are going to return the merchandise in person to a CompUSA location.

Occasionally merchandise is damaged in transit or the shipment is incorrect. Before signing the bill of lading, inspect all cartons for damage, both inside and out, and check to make sure you have received the exact shipment which you ordered. List on the bill of lading any damage to the merchandise and ask the carrier to immediately inspect the merchandise. Then contact our Customer Service Department within 24 hours to obtain an RMA number. Keep the original packaging for inspection by shipper.

All products subject to price changes and availability. All trademarks are the property of their respective companies. All products available in our stores are subject to manufacturer's availability or any sold-out conditions. Due to the volatile nature of the computer market, descriptions may not reflect current technical information.

The Government (Federal, State and Local) is given special Terms and Conditions by CompUSA Government Division. Please contact your Government Account Manager for further information.

**Backup. For people who don't.**

Everyone who uses a Macintosh ought to back up regularly. But most people don't back up at all.

In fact, if the people in your company are like those at most other companies, about the only way you're going to get regular backups out of them is to do it without them.

Guess what?

Now you can.

Now you can set up fully automatic, unattended backups for every Mac in the house. And transform a simple, effective company-wide backup policy from fantasy to fact.

All you need is Fastback Plus.

The Macintosh version of Fifth Generation Systems' most popular backup software is also the Mac world's most flexible backup software.

Along with being System 7 Savvy, Fastback Plus lets you back up just about anything from hard disks to direct access and streaming tape drives and any HFS device.

It also lets you back up in the background while you're using an application or two in the foreground.

Using the Mac version of Fastback Plus is a lot like using the DOS version, the Windows version, and the Network version: same look, same functionality.

Same backups, even.

That's right. You can actually restore a Mac file directly onto a PC, and vice versa. Nobody else can do that.

And no other backup software is backed up by our 24-hour toll-free technical support. And our one-year guarantee.

There's more, so try it out for yourself.

And tell everyone to stand back!
**Snooper Kit with Norton Utilities 2.0**

Snooper, the complete desktop diagnostic for the Macintosh, now includes the Norton Utilities for a limited time. Only Snooper includes both software and a hardware card. Tests hard disks, RAM, SCSI, video, audio, and more. 162291

**Antivirus 3.0**

The most comprehensive virus protection program available for your Macintosh. SAM detects existing infections in your files that could signal an unknown virus at work, and repairs infected files quickly and easily. It's invaluable data protection. 270041

**OnCue II**
